Normal, oily, dry or combination skin, aging skin, blemish-prone skin, rough texture, uneven skin tone

INTRODUCTORY APPLICATION INSTRUCTIONS:

Retinol+ Emulsion 0.3

- In the evening, apply 2-3 pumps to the face and neck every 3 nights for 3 weeks.
- If well tolerated after 3 weeks, Retinol+ Emulsion 0.3 may be applied every other night, or as directed by a skincare professional.
- If skin tolerance allows, Retinol+ Emulsion 0.3 may be applied nightly with guidance from a skincare professional.

Retinol+ Emulsion 1.0

- In the evening, apply 2-3 pumps to cover the face and neck every 2-3 nights for 1 week. Discontinue use for 1 week, then resume this cycle.
- If well tolerated after 3 weeks, Retinol+ Emulsion 1.0 may be applied every 2-3 nights without interruption or as directed by a skincare professional.
- If skin tolerance allows, Retinol+ Emulsion 1.0 may be applied nightly with guidance from a skincare professional.
